

ABOUT US

The Marlon roots extend back over 45 years as a distributor of recreational products for adventurers in British Columbia, Canada. As we matured in the marketplace, we identified a need to not only expand our offerings of recreational trailers and related accessories, but also innovate our own products to help address the specific needs of a growing customer-base in Canada and the USA.

UTILITY BOATS

Safe, Smart, & Secure

NEW GUNWALE ACCESSORY TRACK!

DESCRIPTION

At Marlon, we're dedicated to delivering exceptional performance and long-lasting dependability. What sets us apart is not only our commitment to excellence but also our dedication to environmental responsibility.

Our Marlon Utilities feature all-welded hulls, heavy-duty extruded center keels with four formed-in bottom strakes for unbeatable strength. We've even reimagined the rear side seats for added seating capacity and stability, all while ensuring your comfort with high-density EVA-covered seats.

That's not all – our commitment to the environment is at the heart of what we do. Our aluminum boats help reduce our impact on the planet. Each Marlon Utility, you're not only getting top-notch performance and reliability, but you're also making a choice that benefits our world by embracing sustainability.

Marlon Utilities offer wide beams for added room, wide bottoms for enhanced stability, and a deep design that ensures your safety. Whether you're out with the family or chasing that big catch. Experience a new level of boating with Marlon, where performance and environmental responsibility come together.

"We build products that are safe, smart, and secure!"
